Fundraiser: Prison Book Program

The Prison Book Program (established 1972) collects used books in greater Boston for distribution to prisoners all over the US. In 2015, books were mailed to 11,000 prisoners (35,000 books). The limiting factor is not books, but funds for postage (~$3/package) and to purchase DICTIONARIES (the most requested book). Funds raised will go for these purposes.
