TOPIC

Potential of the Hancock Village buffer areas for public recreation and park uses

The committee was formed as a result of action at the fall, 2015, town meeting. Its charge is to study the possible taking by eminent domain of the two buffer strips at Hancock Village behind Russett and Beverly Roads for use as publicly-accessible recreation and park space.

All members of the public are welcome to speak about the topic and are asked to limit initial remarks to three minutes. Time permitting, the committee will hear additional remarks. The library closes at 9:00 pm, so the hearing is limited to two hours.

Everyone speaking should start by saying his or her name and address. The Community Room is on the ground level floor of the library at the northwest end, toward Putterham Circle. It is not equipped with either audio or video equipment.
