 - Updating Action Steps for Next Year

School Improvement Plan Goals

Goal #1: Safe, Just, and Caring Community

Identify and implement common language and practices to support a safe, just, and caring community and to promote social-emotional learning.

Goal #2: Cultivating Habits of Mind for Learning

Promote a school-wide culture of thinking and provide explicit instruction in and expand the intentional use of selected habits of mind language and strategies.

Goal #3 Utilizing Technology to Enhance Teaching & Learning

Identify and implement strategies for expanding the use of technology as a tool to enhance teaching and learning.

Goal #4 Literacy

Develop the K-8 literacy program for all students by creating a clarified framework and guidelines for recommended practice and by providing professional development and coaching to teachers on the Literacy Collaborative framework.

Goal #5 A Culture of Inquiry, Innovation, and Continuous Improvement Using Data

Foster a cycle of continuous improvement by using data to monitor individual student progress, to plan for differentiated instruction, and to examine school programs and practices.
