3. Discussion and possible vote(s) regarding goals of the Panel
4. Discussion and possible vote(s) regarding first round of questions from PSB leaders, including (but not limited to):
 - a. Is there a ratio the schools should go by using square footage when thinking about total # of people in a building at once, or in classroom?
 - b. Is it safer to have teachers switch classrooms instead of students?
 - c. Should we have a maximum number of students allowed in multi-stall bathrooms at one time?
 - d. How to handle at-risk populations of adults and students?
 - i. Is it possible to keep at-risk students (e.g., diabetics) together and have teachers come to them vs. the kids moving around the building?
 - ii. How to handle this with applicable privacy laws?
 - iii. What are the recommendations for those who are immunocompromised with respect to separate entrances, exits, classrooms?
 - e. Do we need plexi-glass at student desks? Is it recommended?
5. Additional matters raised by Panel members or other attendees
