**DISCUSSION on Proposed By-Law (Warrant Article 21) that would prohibit the installation of fossil fuel infrastructure in new buildings and gut rehabilitation projects in Brookline. [No votes to be taken.]**

**This article will also be discussed on the evening of October 17th at a public hearing of the Planning Board, with a possible vote and recommendation on that night by the Planning Board. This additional meeting has been scheduled to explore the By-Law waiver processes that could include the Planning Board. Both the Advisory Committee's Planning & Regulation Subcommittee and the co-petitioners are seeking the Planning Board's feedback in drafting the By-Law language for the waiver process.**
