Re: **Board of Appeals Case No. BOA060009**
Property Address: 28 Atherton Road
Petitioners: Randolph Tow and Cynthia Tow

Dear Board Members:

My clients have requested that I withdraw their application for building permit to construct a three-sided retaining wall and parking area for three motor vehicles at their property located at 28 Atherton Road. Although their application for parking setback relief was approved by the Board of Appeals after hearing held on June 15, 2006, the owners have decided that the additional conditions imposed on them by the Board have made their proposed plans too costly to pursue. Therefore, no written decision will be drafted and forwarded to you for approval.

If there is anything further which you require, please do not hesitate to contact me.

Thank you for your kind attention to this matter.

Very truly yours,

Roger R. Lipson
