Dear Ms. Selkoe,

I'm writing regarding the current 40B project being considered by the Town of, known as 370-384 Harvard Street.

The project being sponsored by JCHE provides affordable housing for the Town and shows what can be done when a developer works with the community.

I am in support of this project and believe it will offer much needed housing in a section of Brookline looking for exactly these types of affordable apartments. In my position with Hebrew Senior Life I have had an opportunity to attend some of the community meetings held by JCHE; with the intent to listen and learn from the neighbors of this project. With their architect attending, JCHE conducted several meetings, to ask, listen, and learn what matters most to the neighbors and community. I believe the resulting design has yielded a well thought out building that will fit within the community and enhance the Town. I fully support the project and believe that JCHE will be a welcomed neighbor in the community.

Regards,

Carmine Bruno
