Subject: Babcock Place

In regards to the proposed building on Babcock Place we have many concerns. We live on 12 Manchester Road. My Mother has owned her home for 56 years. Our concerns are the size of the structure and its impact to the general landscape of the neighborhood. This proposed structure would impact us directly from the back of her home. The blocking of natural light would be and unwanted change.

This is an urban neighborhood with primarily single family structures along with apartment buildings that fit the community. The thoughts of a larger structure and its blocking out the surrounding homes and apartments will change the lovely nature of this neighborhood.

The traffic on Babcock Street is a concern along with the parking issue for such a large structure.

Please consider this longstanding urban neighborhood for the beauty, convenience, and location that has provided homes to so many for so long a time and wish this neighborhood to continue.

Thank you,
Sylvia Zack, home owner
Marilyn Daniels, daughter who also lives with Sylvia.
