Subject: ZBA Comments re: 111 Cypress Street

Dear Committee Members,

After six years at Pierce, where, despite the wonderful teachers' best efforts, our kids suffered through overcrowded classrooms, classroom violence, and general chaos from overcrowding, we were lucky enough to be able to afford to send them to private school.

This is not a choice we wanted to make. We moved here **for** the schools. But there seems to be absolutely zero communication between the town's Department of Education and your board. Why on earth would you allow development of yet another 100 housing units, crammed into an already congested neighborhood which already lacks room in its schools?

Our schools, BHS included, DESPERATELY need more space. We are counting on you to do the ethical thing and reserve at least this small area for students, not developers.

Sincerely,
Juliet & Craig Eastland
