Ms. Morelli,

I have just looked at the revised plans for Babcock Place, and they don't seem to have been revised much at all. As a neighbor, I am quite worried about the implications of the project to the neighborhood. I think additional housing and affordable housing are a wonderful idea, but I think the new building should fit in with the surroundings. It should have the same set back as the houses nearby. It should only be three stories like the buildings nearby, including my own. And it should have enough parking for all its units. I hope that the Zoning Board will reject this current plan and insist that a new plan satisfy these requirements.

Thank you.
