Dear MS Morelli,

I am writing to you about the hearing this evening on the Babcock 40 B project, because the project appears to be too large for the neighborhood and the concerns of the neighbors appear not to be adequately addressed. The design results in loss of open space which is a loss for those who may live in the new building as well as for those who already live in the neighborhood. Also the design does not appear to adequately address the needs of an increased population for wider sidewalks and bike tracks to facilitate travel by foot, bicycle, wheel chair and motorized vehicles.

Yours truly,
Claire Stampfer TMM Precinct 5

Hello again,

I just want to add that if you can't attend tonight's ZBA hearing, please send a brief message with your concerns to the ZBA today. You can email them to Maria Morelli at mmorelli@brooklinema.gov.

Even if you haven't been following the details of the project, just can simply say that the building is still too large for the site and that the developer has not addressed the neighborhood's concerns.

Many thanks to those of you who have already sent e-mails!

-Carrie
