We were deeply disappointed and frustrated to see the latest set of plans from the Babcock Place developer. Despite a great deal of thoughtful and constructive feedback from reviewers and neighbors, the proposed building remains grossly large for the lot and out of scale with the rest of the neighborhood. Sensible setbacks all the way around, usable outdoor space, a service drive, and a reduction in the number of floors will go a long way to transforming this project from an unthinkable eye sore to a very welcome addition. We respectfully ask that the Town take all necessary steps to place common sense conditions on this project. To sit back and do nothing would be an enormous mistake.
