Subject: 134 Babcock 40B

Dear Ms. Morelli,

Thank you for listening, compiling and presenting our concerns to the ZBA and the project team working on 134 Babcock 40B design and plans. We moved to Brookline in 1983 to raise our two daughters close to a city with an excellent public school system and a sense of space. Brookline's dedication to preserving open space and wonderful greenery helps all of us in Brookline appreciate the benefits of city-living and the benefits of enjoying nature. Please help us convince the project team to uphold the neighborhood's request for a building no larger than 4-stories that will preserve our sense of mature canopy on and around the site.

Thank you and those who are helping to negotiate a win-win for all of us in Brookline.

Sincerely,
Debbie and Paul Parker-Johnson
