I reiterate my opposition to the size of the project and to the traffic it will generate on already over-travelled Sewall Avenue. I am pleased to support any additional affordable housing in Brookline. However, the activity generated by the residents of a building of this size will overwhelm the already congested area, particularly in the late afternoon/early evening.

I understand that the traffic study was done on a holiday weekend. The only traffic study that I would find definitive would be one done between 4 and 7 PM on a weekday afternoon.

Sincerely,
Peggy Ann R. Morrison
