

Come learn about two Brookline Emergency Response Volunteer Opportunities on October 1st

The Brookline Medical Reserve Corps (MRC) and Brookline Community Emergency Response Team (CERT) are enthusiastically looking for new volunteers to join the more than 300 medical and non-medical Brookline volunteers.

The purpose of the MRC and CERT programs is to provide volunteer services for Brookline during an emergency as well as assisting with other events throughout the year. Training is offered on a variety of topics and some offer continuing education credits

Please join us on Tuesday, October 1, 2013, 6:30-7:30 PM for an informational session with refreshments at the Brookline Health Department, Denny Room, 11 Pierce Street, Brookline.

For questions or to RSVP, please contact Dawn Sibor, dsibor@brooklinema.gov or 617-730-2656
