To: Planning Department

From: Dr. Swannie Jett, DrPH, MSc
Health Commissioner
Brookline Public Health & Human Services

Date: January 15, 2019

Re: Sanctuary Medicinal Application for Recreational Marijuana License

This office has reviewed the submitted plans for the above recreational marijuana establishment. This review is to determine compliance with the Town of Brookline bylaws and regulations for Recreational Marijuana Establishments. Our review finds the following items should be clarified before license is issued:

- Plan to account for areas of disproportionate impact for the Town of Brookline.
- Inclusion of Town of Brookline for Diversity Plan through Office of Diversity and Inclusion.
- Plan for Integrated Pest Management
- Submit a floor plan noting all storage shelving, hand sinks, toilets, mop sinks.
- Plan for rubbish and recycling disposal. Also note on plans locations and type of trash recycling containers.
- Documentation that all pre-weighed product has been weighed on a certified scale at the production location. The application presentation notes no products will be weighed and packed at the Brookline location.

Brookline Public Health and Human Services must be notified when renovations and have been completed so we may arrange for a pre-operational inspection 14 days prior to the scheduled opening date.
