RE: 1299 Beacon St.40B Proposed Plans (Rubbish & Recycling)

Please be advised that, this Department has reviewed the above noted projects plans and offers the following recommendations:

- The plans as presented are **approved** for the Residential and Commercial environments.
- Rubbish storage rooms for both environments must be maintained in compliance with State Sanitary Housing Code requirements.
- The Health Department would request to revisit the issue of compliance when the property is 90% occupied to insure the approved measures are adequate.
