

The following recommendations, and the capability to deliver them in timely manner, are built on the concept of...

WORKING TEAMS: Staff led (sustainability office) volunteer stakeholder teams that work with each other and (cross-dept.) staff to...

- Complete the work necessary to bring forward well-developed and integrated proposals and/or warrant articles (to decision makers), in a collaborative, effective and efficient process to capitalize on Brookline's strengths, while recognizing the Town's financial and staff resource limitations
- Embrace diversity, collaborate, foster inclusion and innovation
- Collect and aggregate data and community feedback
- Research and review the science
- Support or run (approved) pilots
- Develop and write (approved) grants
- Execute (approved) public service marketing and communication initiatives
- Among other appropriate activities (for staff-led community and staff teams)
