Subject: 1180

Hi Maria,

My name is Jane Flanagan and I am a Town Meeting Member in Precinct 15 and I live on Hammond Street. While I and my neighbors supported the original proposal at 1180 and looked forward to the opportunities of a mixed use development and 55 plus complex, the changes now being proposed are substantial and not in keeping with the original plan supported by the neighbors in this area. I am unable to attend the meeting tonight, but wanted to voice my concern. I look forward to meetings that will include public comment. I appreciate your willingness to accept written comment at this time.

Thank you,
Jane Flanagan
