2. The licensee shall maintain a valid, current RMD Certificate of Registration in good standing from the Massachusetts Department of Public Health (DPH). Any revocation or suspension of the RMD's DPH registration shall result in an automatic suspension of the Town's RMD license pending hearing or the opportunity therefore afforded to the licensee and pending further determination by the Board.
3. A licensee must obtain Board approval for a change in or addition of a Member, Director, Officer, Manager, and Alternate Manager, who shall be qualified according to the criteria set forth in Section 3 of the Town's RMD Regulations. Along with its request for approval, the licensee shall submit a duly-executed CORI Acknowledgment Form and certification that it has supplied to the person signing the CORI Acknowledgement Form a hard or electronic copy of the Town's "CORI Policy: Licensing" and has given that person the opportunity to review it prior to executing the Form.
4. A licensee must obtain approval from the Chief of Police or designee for a change in the executive(s) or manager(s) responsible for security at the licensed premises (including for formulating and/or implementing security measures, plans and policies pertaining to the licensee's operations, physical facility or transportation to or from the site), who shall be qualified according to the criteria set forth in Section 3 of the Town's RMD Regulations. Along with its request for approval to the Chief of Police or designee, the licensee shall submit a duly-executed CORI Acknowledgment Form and certification that it has supplied to the person signing the CORI Acknowledgement Form a hard or electronic copy of the Town's "CORI Policy: Licensing" and has given that person the opportunity to review it prior to executing the Form.
5. The licensee acknowledges that the conditions herein pertain to its sales of medical marijuana and related products as may be permitted under existing state

law, and that in adopting these conditions the Town assumes operations by the licensee that comply with existing state law. The Town reserves the right to modify these conditions as may be permitted by law in the event that changes in state law could authorize changes in the products sold by the licensee or in the nature of the licensee's business.

### Operational Requirements

6. The hours of operation shall not exceed the hours of 10 a.m. to 7 p.m. Monday through Saturday, and 12 noon to 5 p.m. on Sunday.
7. The licensee shall ensure that its (a) hours of operation, and its (b) hours and methods of transportation of product, shall not be a detriment to the surrounding area and nearby uses.
8. The licensee shall not permit any disorder, disturbance, or illegality under State or local law of any kind on the property that is the subject of the Town RMD license.
9. The licensee's operations shall not result in illegal redistribution under State or local law of medical marijuana obtained from the licensee, or in use of medical marijuana in any manner that violates State or local law.
10. The licensee's operations shall not create nuisance conditions in parking areas, sidewalks, streets and areas surrounding its premises and adjacent properties. "Nuisance" includes, but is not limited to, disturbances of the peace, open public consumption of cannabis, excessive pedestrian or vehicular traffic, illegal drug activity under State or local law, harassment of passersby, excessive littering, excessive loitering, illegal parking, excessive loud noises, excessive citation for violations of State traffic laws and regulations and/or Transportation Department Rules and Regulations, queuing of patrons (vehicular or pedestrian) in or other obstructions of the public way (sidewalks and streets), collisions between vehicles, bicyclists, and pedestrians, lewd conduct or police detentions and arrests.
11. During the first two (2) weeks of operations, the licensee shall service patrons by appointment only, which the licensee shall establish in advance in a manner that is reasonably calculated to evenly distribute customer service throughout its hours of operation and minimize adverse traffic, parking and other neighborhood impacts relative to congestion. During this two-week period, use of the licensee's parking lot and traffic and parking in the immediate vicinity of the licensee's premises will be monitored by the police officer(s) detailed to the site. Approximately one week following the conclusion of the initial two-week period of operations, Town's Director of Public Health or designee and the Town's Chief of Police or designee, along with any additional Town officials as they deem appropriate, will review the above-described types of impacts on the neighborhood and will determine whether or not to then permit customer service at the premises on a basis other than by appointment only. At the sole

discretion of the Director of Public Health, the by-appointment-only customer service requirement may be extended for an additional two-week period. The Board otherwise reserves its right to impose an appointment-only requirement pursuant to and in conformity with applicable law, including but not limited to the Town's Registered Marijuana Dispensary (RMD) Regulations.

12. With a minimum of two (2) weeks advance written notice to the Town Administrator, but no earlier than three (3) months after the commencement of operations, the licensee may apply for a waiver of this requirement from the Chief of Police or designee, who may waive this requirement following review of the Traffic Demand Management Plan and actual traffic operations at the site.
18. The licensee shall have a parking attendant on site during hours of operation for the first three (3) months of operation, and thereafter for so long as conditions constituting triggers for remedial action under the Transportation Demand Management Plan exist, as may be documented in studies and/or reports undertaken pursuant to the TDMP.
