TAXICAB FIXED RATE FARE HANDBOOK

GENERAL GUIDELINES

1. Section V.B of the Brookline Taxicab Regulations states: "Upon approval of the Transportation Board, a Taxi Business License Holder may offer taxicab service on a fixed rate basis for purposes of trips from the Town of Brookline to specific destinations outside of the town limits."
2. This publication contains the Fixed Rate Fares for taxicabs established by the Brookline Transportation Board. This fare schedule is to be used when passengers are transported by taxi from the Town of Brookline to the listed cities and towns. The Transportation Board has approved the prices that are listed, and any prices exceeding those listed will be considered overcharges by the Board.
3. Every licensed taxicab driver shall have a copy of this Fixed Rate Fare Handbook while operating a taxi.
4. The driver may, on all known and agreed-upon fixed rate fares, collect the fare in advance.
5. The taxicab driver shall be reimbursed in full for all tolls at tunnels, bridges, turnpike or other toll roads.
6. When the passenger has the driver wait, the driver, in addition, may charge waiting time at the rate of \$24.00 per hour. No charge will be assessed for time lost because of traffic or weather conditions. A passenger, who on arrival at the chosen destination (listed in the fixed rate handbook) requests to be taken to another destination, shall be charged at the meter rate for each additional mile or fraction thereof.
7. When a trip is a round trip (passenger is taken to a flat rate community and returned to Brookline) the passenger shall be charged the listed fixed rate price for the outbound part of the trip, and ONE-HALF the listed price for the return trip.
8. Fixed Rate trips to locations that are not listed in this book will be charged at the rate of \$3.20 per odometer mile. Drivers shall take all passengers to their destinations by the shortest and fastest reasonable route unless the passenger requests a different route.

METER COMMUNITIES

The following communities are not considered Flat Rate communities. All fares to these cities and towns shall be recorded on the meter.
