Brookline Town Officials invite you to participate in the third of four interactive community workshops to help guide Brookline's housing policies and initiatives as part of the 2016 Housing Production Plan.

The community workshops will be professionally facilitated by planning consultants from RKG Associates Inc., JM Goldson community preservation + planning, and Metropolitan Area Planning Council. We will test the site selection criteria identified at the April 25th community workshop and work together to refine and perfect these criteria.

Your input and participation is an essential part of the process. Please join us! You may also submit comments and access more information at: <http://www.brooklinema.gov/1299/Housing-Production-Plan>
